Director Bio

Todd Kaufman (Writer/Director/Producer):

Todd graduated with honors from Boston University's College of Communication where he made two well-received 16mm short films. Todd went on to work at CAA (Creative Artists Agency) for a top Motion Picture Literary Agent where he began to establish and build relationships with high profile agents and A-list clientele. His experience at CAA transitioned into jobs working directly for such high level talent as Sir Sean Connery and the Producer/Director Betty Thomas. After working closely with such talented people on and off the set, Todd has gleaned an enormous amount of insight and experience, and he is now positioned to share his creative voice and make his mark as a Writer/Director.
